WEED EASY

SPECIMEN LABEL

NON-SELECTIVE HERBICIDE FOR CONTROLLING A WIDE RANGE OF ANNUAL AND PERENNIAL WEEDS AND GRASSES

FOR USE ON NON-CROPLAND AREAS SUCH AS FENCEROWS, STORAGE YARDS AND INDUSTRIAL AREAS

ACTIVE INGREDIENTS

Bromacil (5-bromo-3-sec-butyl-6-methyluracil)	4.00%
INERT INGREDIENTS	96.00%
TOTAL	100.00%

**KEEP OUT OF REACH OF CHILDREN
CAUTION**

See side panel for additional precautionary statements.

EPA REG. NO. 10088-76-68562

EPA EST. NO. 10088-WI-1

NET CONTENTS:

100 POUNDS

**PRECAUTIONARY STATEMENTS
HAZARDS TO HUMANS & DOMESTIC ANIMALS**

CAUTION

May cause irritation of skin, eyes, nose and throat. Avoid contact with skin, eyes and clothing. Avoid breathing dust. Wash thoroughly after handling.

FIRST AID

IF IN EYES: Flush with water for at least 15 minutes and obtain medical attention.

IF ON SKIN: Wash skin with soap and water.

IF SWALLOWED: Call a physician or Poison Control Center immediately.

ENVIRONMENTAL HAZARDS

Do not apply directly to water, or to areas where surface water is present or to intertidal areas below the mean high water mark. Do not apply on or near valuable woody or herbaceous plants or on areas where their roots extend, because of possible injury to such plants. Thoroughly clean spreading equipment with a suitable chemical cleaner before using for other purposes (or do not use same spreading equipment for other purposes). Do not contaminate water when disposing of equipment washwaters.

DIRECTIONS FOR USE

It is a violation of Federal law to use this product in a manner inconsistent with its labeling.

This granular non-selective herbicide is used for controlling a wide range of annual and perennial weeds and grasses. It is recommended only for non-cropland areas, such as railroad rights-of-ways and industrial areas. The application of 200 to 400 pounds of this product per acre usually results in a nonproductive condition for a period of a year or more. The duration of nonproductivity is dependent upon rainfall, type of soil and other conditions.

DIRECTIONS

Apply product as furnished using a seed spreader, fertilizer spreader, shaker type applicator or any equipment which will distribute this product over the area to be treated.

To control annual and most perennial weeds and grasses, apply at a rate of 200 to 400 pounds per acre; on smaller plots, 0.5 to 1.0 pound per 100 square feet. Repeat spot treatment may be required when deep rooted perennial weeds are present. To obtain best results, apply to the ground where it will be absorbed by the roots. Applications early in the season have been found to give results superior to applications made later in the season. This product may, however, be applied at any time of the year. Maximum effectiveness in arid regions is obtained

when application is made just prior to the rainy season.

Users should consult State Agricultural Experimental Stations or Extension Service Weed specialists for recommendations as to use of this product in their particular area.

IMPORTANT: Do not apply on or near valuable woody or herbaceous plants or in areas where their roots may extend, because of possible injury to such plants. Thoroughly clean spreading equipment with a suitable chemical cleaner before using for other purposes (or do not use same spreading equipment for other purposes).

STORAGE AND DISPOSAL

Do not contaminate water, food, or feed by storage, disposal or cleaning of equipment.

STORAGE: Store in dry area. Keep inner liner closed when not in use. Do not store near food, feed, seed or fertilizer.

PESTICIDE: Wastes resulting from the use of this product may be disposed of on site or at an approved waste disposal facility.

CONTAINER DISPOSAL: Completely empty liner by shaking and tapping sides and bottom to loosen clinging particles. Empty residue into application equipment. Then dispose of liner and drum in a sanitary landfill or by incineration or, if allowed by state and local authorities, by burning. If burned, stay out of smoke.
