

This is modern chemical anti-soil and anti-static treatment for carpets, drapery and upholstery. It retards soil accumulation and prevents stubborn stains from setting into fibers. Treated carpets retain their clean appearance for a longer time, with reduced static and easier removal of spills and stains.

This convenient water-based product contains no solvents. It is safe for use indoors without any fire hazard or noxious fumes or vapors. No special ventilation is required during application.

**DIRECTIONS:**

STIR THOROUGHLY BEFORE USING. Apply only to clean fabrics. If shampooing is required, follow with a hot water extraction to remove shampoo residues.

# SOIL GUARD

## READY TO USE

Permanent **ANTI-SOIL** for Carpets,  
Drapery and Upholstery  
Provides **ANTI-STATIC** Protection

## SAFE TO USE

On all Fabric Types and Construction

## CAUTION:

May irritate eyes. See side panel for further cautions and first aid instruction.

**KEEP OUT OF REACH OF CHILDREN**

SOLD BY:

Using a clean stainless steel or plastic sprayer, apply as a wet mist, holding spray nozzle 12 to 18 inches from the surface. Uniform coverage is essential – one gallon covers 200 to 250 square feet. Spray half the solution in one direction, then re-spray with the rest of the solution at a right angle. Work into the fabric using a pile brush, shag rake or other appropriate brush.

Use a damp cloth to wipe up overspray from furniture or woodwork. Protect from freezing.

## CAUTION:

May irritate eyes. In case of contact, flush eyes and under eyelids with plenty of cool water for at least 15 minutes.

**KEEP OUT OF REACH OF CHILDREN**
