**DESCRIPTION**

Yellow grass and light green/yellow leaf coloration on trees and shrubs are often times caused by iron chlorosis. To cure and prevent iron chlorosis, apply CHELATED IRON. It provides the necessary iron plants need in an easily absorbable form. It is also compatible in tank mixes with most fertilizers, insecticides and penetrating aids.

**CAUTION:** May be harmful if swallowed. Avoid contact with eyes and mucous membrane. If swallowed, give several glasses of water and call a physician immediately. If splashed in eyes, flush with plenty of water for at least 15 minutes. If irritation persists, obtain medical attention.
